

Do you enjoy working with numbers and solving puzzles? How do you feel about figuring out how money works?

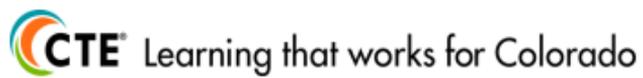

Finance

**Would you rather help
people make decisions
about their own money
or work behind the
scenes to manage the
money of a whole
company?**

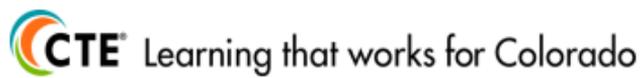

Finance

**Do you enjoy learning
about how the stock
market works or how
people make money by
investing in businesses?**

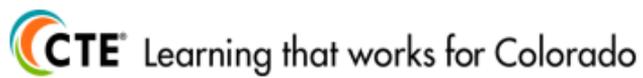

Finance

**Do you like thinking
about long-term goals,
like saving up for
something special?**

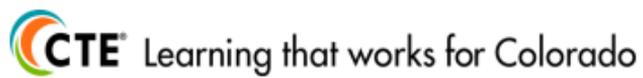

Finance

**Do you think you'd like
helping a business
create a budget and
make sure it doesn't
spend too much?**

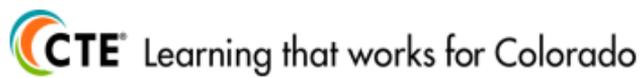

Finance

When you think about money, do you think more about saving it, investing it, or spending it wisely?

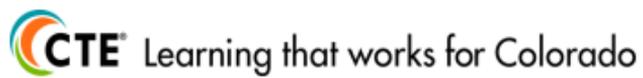

Finance

**Do you find it
interesting when people
talk about how much
things cost, like houses
or cars?**

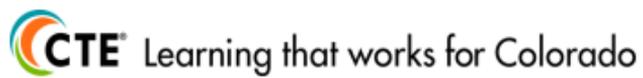

Finance

How do you feel about budgeting? Would you like helping people or businesses create budgets to make sure they don't overspend?

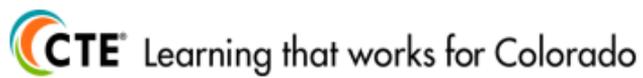

Finance

**Would you rather help a
business figure out how
to make more sales or
help them decide how
to invest their profits
and grow?**

Finance

**If someone wanted
advice on saving money
for college or
retirement, do you think
you'd enjoy helping
them figure out how
much they need and
where to invest it?**
