

**How would you manage
a situation at work if it
were hotter than you
are comfortable with?**

**Some work
environments in skilled
trades have extreme
temperatures.**

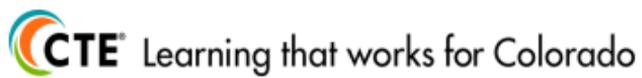

Construction

**Do you mind if you get a
bit dirty while working?
Can you name some
jobs where this might
apply?**

Construction

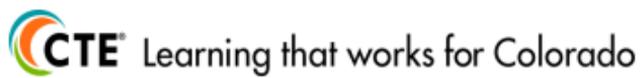

Job expectations in Skilled Trades may require tolerance for temperatures, cleanliness, activity and movement of your body. Talk to me about how this is a good fit for you or not.
