

**Are there any specific software suites you believe are important to know, if interested in CNC?**

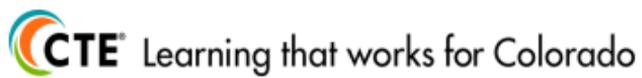

## **Manufacturing**

**What about  
manufacturing / CNC  
appeals to you and why?**

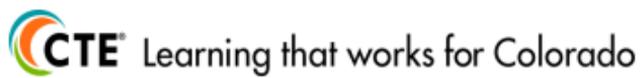

## **Manufacturing**

**What aspect of CNC  
machining do you find  
most interesting?  
programming,  
operating, or design?**

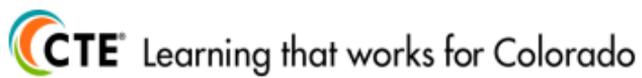

## **Manufacturing**

**Are you interested in  
pursuing a certification?  
If so, which one and  
why?**

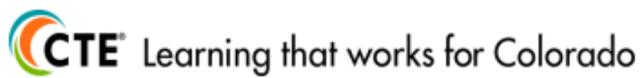

## **Manufacturing**

**What type of work  
environment do you  
envision for yourself?  
factory, workshop,  
aerospace, automotive?**

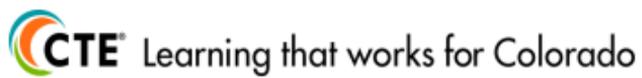

## **Manufacturing**

**What are your short-term and long-term goals in the CNC industry?**

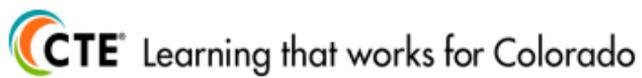

## **Manufacturing**

**Can you explain the  
difference between  
additive and subtractive  
manufacturing?**

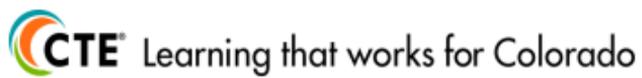

## **Manufacturing**

**How will 3D printing  
affect the industry?**

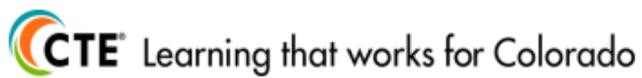

## **Manufacturing**

**How do you stay on top  
of the latest trends in  
the manufacturing  
industry?**

## **Manufacturing**

**Where do you see the  
manufacturing industry  
and technology in the  
future?**
