

What does "protecting and serving" mean to you personally?

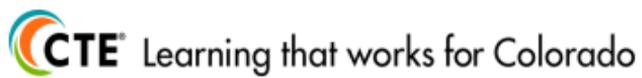

Public Safety

**How would you handle
the fast-paced and
sometimes dangerous
nature of emergency
response work?**

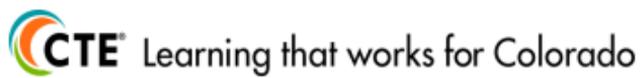

Public Safety

**What do you think are
the most important
skills for working in
public safety?**

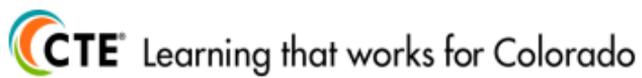

Public Safety

How do you feel about taking on roles where safety is a key concern, and risks are involved?

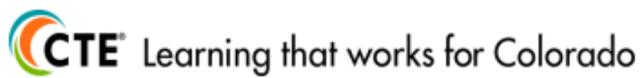

Public Safety

**Are you interested in
becoming a firefighter?
What excites you most
about this career?**

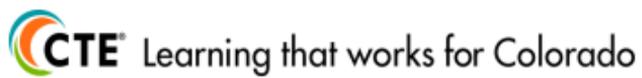

Public Safety

Public safety careers often require working as part of a team. How do you work in group settings under pressure?

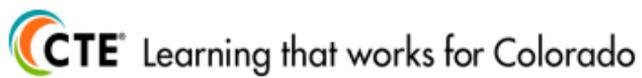

Public Safety

In public safety, you may interact with the community during crisis. How would you handle communicating with people in stressful situations?

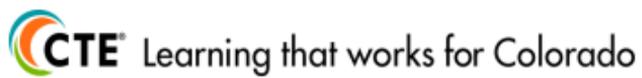

Public Safety

Can you think of an example where you had to act fast to make an important decision? How would this skill be valuable in a public safety role?

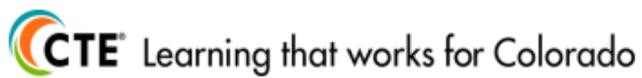

Public Safety

**How do you think
technology, such as
surveillance systems or
emergency response
apps, is changing the
field of public safety?**

Public Safety

**What education,
training, or skills do you
think you will need to
pursue that career, and
how can you start
preparing now?**

Public Safety
